## New York

NEW YORK, Feb. 12.—Under moderate trading the stock market again moved forward yesterday, with considerable strength shown in particular groups. The oil shares were in want supply and easily advanced from 2 to more than 3 points in the part of movement that has been frequent since the armistice was signed. Some of the equipment issues showed the effect of short covering, and so did the shipping stocks and several industrials which had been under pressure for several days past. As far as could be discerned, the market following paid little attention to developments at the peace conference; in fact dealings were mostly in the hands of professional traders and the day's price changes supplied no new subject for particular comment or for the establishment of conjecture as to the immediate future. Liberty bonds, quite naturally, dipped downward in the fore part of the day, while the Secretary of the Treasury's comprehensive program for additional government preparations was being studied, but a recovery occurred in the afternoon, which left quotations only slightly changed. The price alterations were, however, on the downward side.

## Grain and Produce

CHICAGO, Feb. 12.—Corn was up in value yesterday largely as a result of trade adjustments to prepare for the holiday today. Prices closed strong 1 1/4 to 3/8 net higher, with May \$1.15 1/4 to \$1.15 1/2, and July \$1.11 1/4 to \$1.12. Oats gained 1 to 1 1/4 and provisions 5/8 to \$1.10.

## Pittsburgh

PITTSBURGH, Feb. 12.—There was a falling off in business in the better class of stocks on the Pittsburgh exchange, but the principal price changes were in the nature of gains. Brewing issues continued in fair demand and were slightly higher, although Pittsburgh Brewing stocks did not respond as much as expected to the declaration of the regular dividends. American Window Glass Machine common closed 1/4 higher at 35 1/4, while Westinghouse Air Brake closed 1/4 lower at 94 1/4. Fire Proofing common was 1/4 higher at 7 1/4 and the preferred unchanged at 15. Oil and gas stocks were irregular. Manufacturers Light and Heat closed 1/4 lower at 50 1/4, while Ohio Fuel Supply and Pittsburgh Oil and Gas closed 1/4 higher. Mining shares were moderately active, but closed without change. There was a considerable increase in dealings in Liberty bonds, all issues closing lower.

## Oil and Gas.

In Liberty district, Marshall county, W. Va., the Manufacturers Light and Heat company's well on the Jacob Hieonimus farm produced 200 barrels during the 22 hours ended at 7 o'clock yesterday morning. The Manufacturers company is starting two more wells in the same locality. One is located just across the line in Greene county, Pa. The producer is located just a short distance from the West Virginia-Pennsylvania line. The Eureka Pipe Line company is laying an additional pipe line from Hoffman to its main line at Littleton. It will be a matter of no little interest to know the result of the new wells starting in that vicinity. The Cow Run sand, as it transpires as a producing formation, is a new departure for that section. I formerly was reported a Maxon sand well.

On Middle run, Sardis district, Harrison county, the South Penn Oil company has drilled No. 17 on the George W. Talkington farm through the fourth sand. It is barren in that formation. A light show of oil was developed in the Gordon and it will be shot and tested in that formation. In the same district Treat & Co. are drilling a test on the B. F. Heldreth farm.

On Sand Fork, Courthouse district, Lewis county, located 1000 feet northeast of the Hope Natural Gas company's test on the A. D. Parr farm, the Daugherty & Cucci Oil and Gas company has drilled No. 4 on the W. N. Ballard farm through the Gordon sand. It is dry and abandoned. In the same district the South Penn Oil company has started to drill No. 6 on the McDonnell-Murray farm. The same company has the rig completed for No. 3 on the G. T. Collins farm.

In McClelland district, Doddridge county, the Keystone Oil company has rigged up at a test on the Ruth Shrader farm. In Williams district, Wood county, E. W. Mallory & Co. are due in the sand on the O. Dale King farm. In Union district the Economy Oil company has a rig completed on the W. J. Sloppy farm. In Freemans Creek district, Lewis county, the Reserve Gas company is hauling rig timbers to a location on the Bridget Cummings farm. The same company is rigging up at tests on the A. W. Fries and A. L. Pest farms.

At Ferguson pumping station, Springhill township, Greene county, Pa., the Manufacturers Light and Heat company has now drilled its test on the Ferguson heirs' farm through the fourth sand and it is dry. A light show of oil was developed in the Big Injun sand. They will shoot and try for a producer in that formation.

And it needed "to do the work" in this case for Mr. Everett's ailments were decidedly severe. At any rate this is what the endorser said about the matter at Honecker's Pharmacy, Monongah.

"Some one recommended Nerv-Worth for sour stomach, indigestion and belching. I decided to try it. I purchased four bottles and used it as directed. I must say Nerv-Worth does the work. I gladly recommend it to any with stomach trouble."

"TOM EVERETT, 'Monongah, W. Va.'"

Mr. Everett works in Danley's barbershop.

Your dollar back at Honecker's Pharmacy, Monongah, if Nerv-Worth does not do you what it did for Mr. Everett.

Crane's drug store sells Nerv-Worth in Fairmont.
